## Notice of Privacy Practices Acknowledgement (HIPAA)

I understand that I have certain rights of privacy regarding my protected health information, under the Health Insurance Portability & Accountability Act of 1996 (HIPAA). I understand that this information can and will be used to:

1. Conduct, plan and direct my treatment and follow-up among the multiple healthcare providers who may be involved in that treatment directly and indirectly.
2. Obtain payment from third-party payers.
3. Conduct normal healthcare operations, such as quality assessments and physician's certifications.

I acknowledge that I may request your NOTICE OF PRIVACY PRACTICES containing a more complete description of the uses and disclosures of my health information. I also understand that I may request, in writing, that you restrict how my private information is used to disclose to carry out treatment, payment, or healthcare operation. I also understand you are not required to agree to my requested restrictions, but if you agree, then you are bound to abide by such restrictions.

### Informed Consent for Chiropractic Care

Chiropractic care, like all forms of health care, while offering considerable benefits may also provide some level of risk. This level of risk is most often very minimal, yet in rare cases, injury has been associated with Chiropractic care. The types of complications that have been reported secondary to Chiropractic care include: sprain/strain injuries, irritation of a disc condition, and rarely, fractures. One of the rarest complications associated with Chiropractic care occurring at a rate between one instance per one million to one instance per two million cervical spine (neck) adjustments may be a vertebral injury that could lead to a stroke.

Prior to receiving Chiropractic care in the Chiropractic office, a health history and physical examination will be completed. These procedures are performed to assess your specific conditions, your overall health and in particular your spinal health. These procedures will assist us in determining if Chiropractic care is needed, or if any further examinations or studies are needed. In addition, they will help us determine if there is any reason to modify your care or provide you with a referral to another health care provider. All relevant findings will be reported to you along with a care plan prior to beginning care.

- I understand and accept that there are risks associated with Chiropractic care and give consent to the examination that the Doctor deems necessary and the Chiropractic care, including spinal adjustments, as reported following my assessment.
- I agree that a photocopy of this form may be used in place of the original. All professional services rendered are charged to the practice member. It is customary to pay for services when rendered unless other arrangements have been made in advance. I understand that I am financially responsible for charges not covered by this assignment.

### X-Ray Authorization

As your healthcare provider, we are legally responsible for your Chiropractic records. If it is necessary to take x-rays, we must maintain a record of your x-rays in our files. At your request, we will provide you with a copy of your x-rays in our files. The fee for copying your x-rays on a disc is \$15. This fee must be paid in advance. Digital x-rays on a CD will be available within 72 hours of pre-payment during regular practice hours. Please Note: X-rays are utilized in this office to help locate and analyze vertebral subluxations. The Doctors of True North Chiropractic do not diagnose or treat medical conditions; however, if any abnormalities are found, we will bring it to your attention so that you can seek proper medical advice. By signing below, you are agreeing to the above terms and conditions.
